Education

Rajkiya Engineering College Bijnor, India

Bachelor of Technology (B.Tech) in Information Technology

2022 – 2026

Bijnor, India

Subhash Inter College Meerut, India

2020-21: *Intermediate*

2018-19: *High School*

Percentage: 79.4%

Percentage: 81%

Technical Skills

Core: Data Structures, Algorithms, Database Management System, Computer Networks, Operating Systems

Programming Languages: C, C++, Java, Python, JavaScript.

Framework, Tools and Technologies: HTML, Tailwind CSS, React.js, Next.js, Node.js, SQL, VS Code.

Version Control: Git, GitHub.

Cloud Platforms: AWS, Google Cloud

Soft Skills: Teamwork, Problem Solving

Projects

AI/ML (Identify Sugarcane Disease using Machine Learning)

- Built an AI-based system to identify sugarcane leaf diseases using CNN-based classification.
- Developed a user-friendly interface allowing farmers to upload images for real-time analysis.
- Implemented preprocessing using Python, TensorFlow framework.
- Technologies Used: Python, OpenCV, NumPy, Pandas, Matplotlib, VGG16, InceptionV3, CNN.

E-Commerce Website (HAPPYSHOP)

- Designed a JavaScript-based shopping cart with dynamic product selection and real-time updates.
- Integrated secure checkout system.
- Developed using HTML, CSS, JavaScript ensuring responsive UI and smooth functionality.

AI/ML (Intelligent Chatbot using Neural Language Processing)

- Built an NLP-based chatbot using Python for natural language understanding.
- Used TensorFlow and deep learning techniques for training.
- Technologies Used: Python, TensorFlow, NLTK, NumPy, Pandas, Flask, HTML, CSS, JavaScript.

Internship

- Completed online training on **Ethical Hacking and Penetration Testing** conducted by CDAC, Noida. (Certificate No.: 1531/376/NG/15/2024)

Research & Achievements

- Successfully authored a research paper titled “*An Image-Based Machine Learning Approach for Sugarcane Leaf Disease Identification and Classification*”.
- Presented at **International Conference on Sustainable Development in Computer Engineering, Green Technology & Smart Systems (ICSD-2025, 2025)**.
